

Inside Rx Prescription Discount Card

Making Medications More Affordable for Members

Univera Healthcare is providing access to Inside Rx®, a prescription drug discount program designed to assist our commercial members who currently pay 100% out-of-pocket for certain medications outside of their pharmacy plan. As prescription drug costs continue to rise, our goal is to provide cost-saving options to minimize the financial burden and ensure affordable access to the medications members need. The Inside Rx prescription discount card provides discounts on medications outside of a member's pharmacy benefit through a simple and personalized experience that lets members and their dependents pay the lowest price possible for medications they may need.

Same Medications, Better Price

The Inside Rx prescription discount card offers savings on thousands of brand-name and generic medications, with even deeper discounts on over 300 featured brand-name medications. With more than 60,000 major retail and independent participating pharmacies, this prescription discount card works to secure the best discounts for our members.

Commercial members may be able to save up to 80%* on brand and generic medications outside of their pharmacy plan, including discounts on over-the-counter prescription medications. The prescription discount card is free to download and easy to use – members can simply present their Inside Rx card with a valid prescription at a participating pharmacy to start saving.
